NISC Raises More Than \$15,000 in Donations for Red Cross Haitian Relief Fund

Lake Saint Louis, Mo. and Mandan, N.D., February 16, 2010 –National Information Solutions Cooperative (NISC) came together as a community and raised over \$15,000 in donations for the Red Cross Haitian relief effort.

In just over three weeks, employees from NISC's Lake Saint Louis and Mandan locations raised \$7,900. With a match from NISC of the same amount, a total of \$15,800 will be donated to the Red Cross to aid Haitians impacted by the devastating earthquake last month.

"Hearing and seeing the vast devastation Haiti experienced from the Jan. 12 earthquake opened our hearts and together we hope to help these people." said Vern Dosch, NISC's President and CEO.. "We all are deeply saddened by the tragic losses and we hope our contribution to the Red Cross will help the people of Haiti."

According to the Red Cross' one month report, "the global Red Cross network is responding on a massive scale—more than 600 Red Cross and Red Crescent workers from 30 nations are in Haiti today supporting thousands of Haitian volunteers. The international relief operation has involved more emergency response teams than any other single country disaster in Red Cross history."

About The American Red Cross

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies nearly half of the nation's blood; teaches lifesaving skills; provides international humanitarian aid; and supports military members and their families. The Red Cross is a charitable organization — not a government agency — and depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit www.redcross.org or join The American Red Cross blog at <http://blog.redcross.org>.

About NISC

NISC has facilities in both Lake Saint Louis, Mo. and Mandan, N.D. Between the two locations, NISC employs more than 760 professionals who develop and support advanced software solutions to electric utilities, rural telephone companies and Fortune 100/500 corporations throughout the United States. Additional information about NISC may be found at www.nisc.coop.
