

# the NISC COMMUNITY<sup>SM</sup>

Transforming Business through the Power of Technology

During uncertain economic times, NISC Members and Customers rely on The NISC Community to deliver powerful technology solutions that help keep labor and operational costs under control. Connect to The NISC Community and transform your business outlook by putting the power of the iVUE Enterprise System to work for you.

## Contact NISC Today to Learn More About the Efficiencies You'll Gain through the iVUE Work Management Solutions:

- Manage time off, meetings and field tasks all in a single calendar with complete service order integration
- Manage, assign, schedule and dispatch field crews from a drag and drop interface
- Anticipate workloads using intelligent routing
- Enforce business rules in the field with Mobile WorkForce
- Plan out work schedules with tight integration to iVUE CIS and ABS
- Track field assets with enterprise level Automated Vehicle Location system (AVL) integration
- Experience real-time notifications with field tasks and resources in the iVUE Enterprise Suite of applications

Please visit us at booth 618 at the 2009 NRECA TechAdvantage in February.
